DESCRIPTION:

District #3 Hot Mix Overlay Project

Minimum Specifications:

- All material and workmanship to meet 2009 ODOT Specifications
- Project will extend 3,000 feet in length and 22 feet in width
- All foreign materials and vegetation must be removed from the shoulders for complete area to be paved
- SS-1 tack coat applied at the shot rate of .1 of a gallon per square yard.
- ¾" level coarse of hot mix asphalt placed on complete surface area and compacted
- SS-1 tack coat applied over the level coarse
- 1 ¼" wearing surface to be placed and compacted
- Load tickets will be picked up on the project by a county representative

The project is going to be located on Sooner Rock Road south of Highway 7 in District 3 of Murray County. Project will begin at the south end of the new asphalt that ties into the new bridge. Project will need to be completed by August 25, 2021. Completed project must be approved by Commissioner. For any questions regarding bid, please contact Commissioner Darrell Hudson at (580) 369-2582.
