

# What are your concerns?

Please place your dots on the strategies which you think are important. You may place one dot on each strategy, or you may place many of your dots on one strategy that represents a very important concern.

**How do you feel about these strategies?**

	STRONGLY DISAGREE	DISAGREE	NEUTRAL	AGREE	STRONGLY AGREE
<b>SAFETY AND SECURITY</b>					
⇒ Widen or add shoulders to 2-lane roads					
⇒ Coordinate with enforcement agencies on regulations (speeding, oversize vehicles)					
⇒ Identify high accident locations for safety improvements					
⇒ Upgrade highway-rail crossings					
⇒ Enhance security measures of the transportation system					
<b>TRAVEL OPTIONS FOR PEOPLE</b>					
⇒ Expand passenger rail service					
⇒ Expand availability of vanpools, buses, park and ride lots					
⇒ Coordinate the rural, tribal and urban transit (bus) services					
⇒ Improve bicycle & pedestrian facilities					
⇒ Increase connectivity between bus, sidewalk, rail and airport facilities/ services					
<b>ON THE MOVE ... NEW ISSUES AND IDEAS</b>					
⇒ Support clean fuel vehicles & technology					
⇒ Inform the public about air quality & other environmental issues					
⇒ Provide more information on traffic delays & road conditions					
⇒ Address the transportation needs of the aging population					
⇒ Explore new funding options (fee for miles traveled, fuel tax index to inflation)					
⇒ Coordinate transportation services with other agencies					
<b>FREIGHT AND THE ECONOMY</b>					
⇒ Upgrade commercial vehicle inspection stations					
⇒ Improve State owned rail corridors					
⇒ Improve ports and waterways					
⇒ Consider dedicated truck lanes					
⇒ Improve connection between highways, roads, rail, airports & waterways					
⇒ Support development of intermodal freight facilities					
<b>PRESERVATION AND OPERATION</b>					
⇒ Increase maintenance of roads and bridges					
⇒ Increase maintenance of State owned rail lines					
⇒ Increase connectivity to the transportation system					
⇒ Expand the use of asset management principles to support cost effective repairs and rehabilitation
