

## OKLAHOMA DEPARTMENT OF TRANSPORTATION

200 N. E. 21st Street

Oklahoma City, OK 73105-3204

---

To our Community Partners,

The Oklahoma Department of Transportation engineers are back on the speaker's bureau and ready to spread the word about a new program to eliminate structurally deficient bridges throughout the state. While our talk will focus on highway bridges near you, we will also touch on the Governor's Plan for county and turnpike systems.

This time we are especially excited to talk to your group about Gov. Fallin's recently announced bridge modernization plan which initiates the final major step towards ODOT's goal of eliminating all structurally deficient bridges in the state.

Contact us early, as presentations can start as early as November!

To book, contact the ODOT office nearest you:
